UABASE[™]

COMPLETELY REENGINEERED. TOTALLY REBUILT. STILL BEST IN CLASS.

WELCOME TO THE NEW UA BASE™ SYSTEM

UA BASE™ is the first line of defense any time you step into the cold. From cool mornings to the gnashing teeth of a winter squall, the UA BASE™ system has been completely redesigned to deliver peak performance through anything Mother Nature throws your way. A newly developed 4-way stretch fabric combination allows for greater comfort and mobility while the embedded moisture transport system wicks away sweat and dries quickly. UA Scent Control traps odors to keep you virtually undetected in any environment. SCENTRY® technology captures over 90 percent of body odor molecules and releases them through washing and drying, so the fabric is ready to adsorb more odors next time.

UABASE[™]

COMPLETELY REENGINEERED. TOTALLY REBUILT. STILL BEST IN CLASS.

WELCOME TO THE NEW UA BASE™ SYSTEM

UA BASE™ is the first line of defense any time you step into the cold. From cool mornings to the gnashing teeth of a winter squall, the UA BASE™ system has been completely redesigned to deliver peak performance through anything Mother Nature throws your way. A newly developed 4-way stretch fabric combination allows for greater comfort and mobility while the embedded moisture transport system wicks away sweat and dries quickly. UA Scent Control traps odors to keep you virtually undetected in any environment. SCENTRY® technology captures over 90 percent of body odor molecules and releases them through washing and drying, so the fabric is ready to adsorb more odors next time.
